IDENTIFIERS	*Illinois

ABSTRACT

This report lists fiscal year 1995 recommended allocations of Illinois state funds appropriated to the Board of Higher Education under the Health Services Education Grants Act. These funds are appropriated to support the enrollment of Illinois residents in health professions education programs offered by nonpublic institutions including medical, dental, optometric, podiatric, pharmacy, allied health and nursing programs. Funds are also appropriated to support the enrollment of Black, Hispanic, and American Indian state residents. The tables show grant rates for residents and minority residents in each field, and allocation by institution with institutions grouped according to their type of program. Tables show total participants, state resident allocations, reductions, and recommended allocations. Appended are a statement and table showing final grant allocations under the "Illinois Financial Assistance Act for Nonpublic Institutions of Higher Learning" for fiscal year 1995. This program makes grants of direct financial aid to independent institutions in the state based on the number of full-time equivalent state resident students enrolled. (JB)

STATE OF ILLINOIS
BOARD OF HIGHER EDUCATION

HEALTH SERVICES EDUCATION GRANTS ACT
FISCAL YEAR 1995 GRANT ALLOCATIONS

Attached are recommended allocations of state funds appropriated to the Board of Higher Education under the Health Services Education Grants Act (HSEGA). These funds are appropriated to support the enrollment of Illinois residents in health professions education programs offered by nonpublic institutions. For medical, dental, optometric, podiatric, pharmacy, allied health and nursing programs, funds also are appropriated to support the enrollment of Black, Hispanic, and American Indian Illinois residents.

Fiscal year 1995 grant allocations have been determined under administrative rules adopted by the Board and on file with the Secretary of State. According to the rules, grant allocations are based upon the amount of appropriated funds, the number of Illinois residents enrolled, and the maximum grant rate for each program. Fiscal year 1995 appropriated funds are insufficient to meet the maximum statutory grant rates in the medical, dental, allied health, nursing, and residency programs, so the grant rates for these programs are prorated. The maximum grant rates are used for the fiscal year 1995 allocations for the optometric, podiatric and pharmacy programs. Because of lower than anticipated enrollments for these programs, the proposed allocations are less than the total appropriations. Maximum grant rates and actual grant rates for fiscal year 1995 appear on the attached table.

Audits of the previous year's grants are required for each grant recipient. In some cases, grant allocations have been reduced by overpayment identified by the audit. Audit adjustments are shown in the column directly to the left of the recommended allocation in the attachment. Fiscal year 1995 appropriations and the proposed allocation are as follows:

	FY1995 Appropriation	FY1995 Proposed Allocation	Lapse
Medical	$ 8,671,800	$ 8,671,800	$ -0-
Dental	224,400	224,400	-0-
Optometric	296,200	286,000	10,200
Podiatric	229,700	202,400	27,300
Pharmacy	620,600	558,800	61,800
Allied Health	1,037,200	1,037,200	-0-
Nursing	3,324,700	3,324,700	-0-
Residencies	1,500,000	1,500,000	-0-
	$15,904,600	$15,805,300	$99,300

The staff recommends the adoption of the following resolution:

The Board of Higher Education hereby approves the allocation of fiscal year 1995 grants under the Health Services Education Grants Act as specified in the attachment. Payment of grants is subject to the receipt of all required documents. The Board authorizes the Executive Director to adjust a grant allocation if necessary to conform with existing statute and rules.

STATE OF ILLINOIS
BOARD OF HIGHER EDUCATION

ILLINOIS FINANCIAL ASSISTANCE ACT
FOR NONPUBLIC INSTITUTIONS OF HIGHER LEARNING
FISCAL YEAR 1995 FINAL GRANT ALLOCATION

Attached are recommendations for the final allocation of fiscal year 1995 grant funds under the Illinois Financial Assistance Act for Nonpublic Institutions of Higher Learning. The Act authorizes the Board of Higher Education to make grants of direct financial aid to Illinois independent institutions of higher education. To be eligible for a grant an institution must meet the following statutory criteria: be not-for-profit; be in conformity with standards equivalent to those of the state-supported institutions; provide at least a two-year program of collegiate grade in the liberal arts and sciences directly applicable to the attainment of a baccalaureate degree; maintain an open policy with respect to race, creed, and color for the admission of students and appointment of faculty and staff; be able to demonstrate its current financial stability and prospects for future stability; and the institution's governing board must possess its own sovereignty and final authority in all matters of local control. In addition, an institution must meet the eligibility requirements provided for in the rules for administration of the Act.

Grants are based on the number of full-time-equivalent (FTE) Illinois resident students enrolled at eligible institutions. Grants are calculated using a weighted FTE which is the total lower-division FTE (freshman and sophomore level) plus two times the upper-division FTE (junior and senior level).

Fiscal year 1995 grants are recommended for 74 institutions which have a total weighted FTE of 94,191 (34,881 lower-division plus two times the 29,655 upper-division FTE). The fiscal year 1995 appropriation is $17,489,600. This amount is distributed among the institutions at a rate of approximately $185 per weighted FTE. Initial allocations totaling $13,117,196 were approved by the Board of Higher Education in January. The remaining $4,372,404 are allocated in this item. Grants to some institutions have been adjusted due to overpayment as identified by fiscal year 1994 audits.

The staff recommends the adoption of the following resolution:

The Board of Higher Education hereby approves the final fiscal year 1995 grant allocation totaling $4,372,404 as provided for under the Illinois Financial Assistance Act for Nonpublic Institutions of Higher Learning. Payment of grants is subject to the receipt of all required documents. In addition, the Board authorizes the Executive Director to withhold payment or to adjust a grant allocation if necessary to conform with the existing statute or the rules implementing the statute.
